

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. 50 Years of Progress

in piano-making have given us a perfect musical instrument. A piano capable of the finest gradations of tone—capable of producing the passion and thunder of war, or the soft, caressing tones of love and reverie.

The Emerson Piano

does what the player wills—easily—precisely—harmoniously. In its clear, musical treble is no suggestion of wood or wire—in its lower notes no harshness. From one end of the Keyboard to the other is perfect, mellifluous harmony. Yet with all its goodness, the Emerson is sold at a reasonable price.

It's fun

to separate and
prepare these dainty
new biscuit—

“Symphony Biscuit”

for serving. When you have them all carefully broken, place them in a cut glass bowl and set it on the table. Their novelty, to say nothing of their delicious flavor and crispness, makes them most acceptable with a cup of tea or chocolate.

BLANK BOOKS

—FOR—

WEDDING LISTS

—AT—

Edward E. Clark's,

41 WEST STREET,

BOSTON.

Card Etiquette.

The significance of a card is always considered by well-bred men and women, and its fitness to the occasion is an expression of its owner's individuality.

A written name should never be used, unless the bearer's formal cards are beyond reach.

Ladies' visiting cards should be nearly square, fine in texture, flexible, and of a soft white. Changes in form of course occur, but these are the characteristics for those who respect good form.

It is imperative that Mrs. or Miss should be placed before the name upon the engraved card.

It is proper to use the husband's complete name. Initials are seldom seen.

During a young girl's first season in society her name is engraved upon her mother's card. If she is the oldest unmarried daughter, she is appended as Miss Smith — otherwise her full name is given with the prefix of Miss.

When two daughters enter society together, it is proper for them to be mentioned upon their mother's card together, thus,

MRS. JAMES SMITH.

THE MISSES SMITH.

Afternoon tea cards are sent a week or ten days in advance of the date upon them.

To send a card without calling signifies inability to call in person.

Acceptances or regrets should be sent as soon as possible after receiving invitations.

"Party Calls" should be made within one week after date of the party.

Invitations in your own city can be sent either by mail or messenger, as preferred.

The custom is, for a lady about to be married, to enclose her card in an unsealed envelope, which the servant should deliver, the lady not leaving the carriage.

The visiting cards of gentlemen are shorter and slightly narrower than those at present used by ladies. They are engraved in plain script, no flourishes of any kind. "Mr." should be prefixed to the name.

When an entertainment is given by a gentleman, each guest should send a card within a week, or call.

Any lady wishing to inform her friends of the presence of a lady visiting her family, should enclose her visitor's card with her own, in the same envelope.

An invitation to dine should be answered on the day received.

It is always courteous to acknowledge the receipt of an At Home card.

A visiting card should always be left when attending an "At Home."

An invitation requesting your presence requires an answer.

CARD ETIQUETTE FOR CHURCH WEDDINGS.

When attendance to a church wedding is impossible, cards must be sent in an envelope directed to those from whom the invitation comes.

If present at the church, it is polite to send a card or cards to those who invite.

CARD ETIQUETTE IN WASHINGTON.

Questions are asked concerning the requirements that the official element demands in Washington.

The President has absolute precedence. He receives visits — returns none. He is addressed as Mr. President.

His receptions are open to all.

Upon entrance you give your name to an usher, and are announced. You are then introduced to the President and members of the Presidential family.

It is proper to leave your card before your departure from the "White House."

Any invitation from the President is considered as a command.

To whom the second place in social precedence belongs, is still unsettled.

The position is claimed for both the Chief-Justice, and the Vice-President.

There is a question as to who should pay the first visit — the Cabinet officer or the Senator.

Many yield this point to the Senator. The families of Senators are in Washington for a short time, while the residence of the Cabinet is fixed.

If the families of Senators do not send their cards first their presence in the city may be unknown, and complications arise.

In Washington the influence of official life is marked, and felt through all circles.

CARDS FOR BALLS.

Note sheets are used for private balls, and the engraved invitation is in the same form as for any evening party.

After dinner cards, cards after any hospitality, and cards of condolence, if possible, should be left in person.

Cards of ceremony must be left within a week.

If a lady is "at home" on a certain day, cards must be left on that day and no other.

Exceptional occasions, of course, require exceptional cards; for such there can be no fixed rules.

INFANTS' CARDS.

It is a pleasing custom to send a small card announcing the birth of a child.

The full name is on the card, also the date of its birth in the lower left-hand corner.

It is enclosed with its parents' card, to which it is daintily ribboned.

A visit of acknowledgement is usual. If not possible, a card is sent, with "Congratulations" written upon the upper left-hand corner.

Londonderry Lithia Water

is the best." The verdict of the American people after years of testing is in favor of this one great gift of nature. Endorsed and prescribed by leading physicians everywhere.

Notwithstanding the advance
in price of imported waters, prices
on Londonderry remain the same.

DENS.

If you want a Den or Cozy Corner built in any room in your house, we can bring you through the transaction as unscathed as Daniel. It will be consummated at very little cost and with most fascinating results.

Dens are now all the rage. We build them in any style. One very popular treatment is the Moorish. We have the old dusky lanterns, the barbaric trappings, the hangings with metal embroideries, and all the paraphernalia of the Arab tent. These fitments cost a bare trifle.

Cozy Corners can be made up very inexpensively from such materials as Delhi draperies, Agra cloth, a few Oriental rugs, and one or two pieces of armor. These materials are in almost every house. It only needs the hand of the draper or decorator.

Our Drapery Department has no superior in this city. While most other firms carry the same line of patterns, we have made it an almost invariable rule to find new designs and new fabrics which we can control exclusively. Therefore, we show a line of goods not to be found elsewhere in this country.

Estimates gladly furnished.

PAINE FURNITURE CO.

ORDERED WORK.

Once in a while there comes to every one of us an occasion when we know exactly the piece of furniture we want; the height, length, breadth and detail of our wish is rounded to a nicety.

Then is the time when it is wise economy to have furniture made to order. It involves an extra cost of not over ten to twenty per cent. with our large factory facilities, and you get just what you require and not what "you can make answer the purpose."

We want to suggest one or two thoughts in this connection. While our prices are as low for ordered work as any of the out-of-town shops, we can give you a much better factory service. Our factory is located in the city, so that at no trouble to yourself or us you can inspect the work here in all stages of its construction.

We have our own expert draughtsmen, and they are at your service. We submit designs free of charge. Or we will figure from your own plans and can save you money at every step.

It costs nothing to secure our estimate, at least.

The Proper Dress!

We make a specialty of well-made, correctly-proportioned clothes for men. We use nothing but the best English makes of cloths, many of them being styles confined to ourselves. We have our work made by men—by hand—and pay careful attention to every detail.

We invite all gentlemen who appreciate the above facts, and are willing to pay a trifle more than for ordinary work.

FRANK D. SOMERS,
MERCHANT TAILOR,
5 PARK STREET, - BOSTON.

"He who is hasty, fishes in an empty pond."—*Proverb.*

For 75 years our buyers have *carefully* selected the "chaff from the wheat" in the home and foreign markets. An inspection of our splendid assortment will convince you that our famous corner is fully stocked with

CHINA, POTTERY and GLASS.

You can make no mistake in purchasing of us, as our prices are always *consistent* with *quality*.

U. S. WEATHER BUREAU.

Explanation of Cautionary and Storm Signals.

A **RED FLAG** with a **WHITE CENTRE**, displayed at stations on the Great Lakes, indicates that the winds expected will not be so severe but well-founded sea-worthy vessels can meet them without danger.

A **RED FLAG** with a **BLACK CENTRE**, either on the Lakes or seaboard, indicates that the storm is expected to be severe.

The pennants displayed with the flags indicate the direction of the wind; red, easterly winds (from northeast to south); white, westerly (from southwest to north). The pennant above the flag indicates that the wind is expected to blow from northerly quadrants; below, from southerly quadrants.

The Information Signals consist of a **RED PENNANT** similar to the direction pennants, and when displayed alone indicates that the local observer has information from the central office of a storm covering a limited area dangerous only for vessels about to sail for certain points. This signal is intended to be a notification to shipping masters that valuable information will be given them on application to the local observer.

By night a red light will indicate easterly winds and a white light above a red light will indicate westerly winds.

The system of weather, temperature and rain signals displayed throughout the country is distinct from the cautionary and storm signals, the latter being principally for the information of the maritime interests, and are displayed at the principal ports of the Great Lakes, and on the Atlantic, Pacific and Gulf coasts.

Boston office, rooms 149 to 154, P. O. Building, open to public from 9 A. M. to 4 P. M.; visitors cordially invited.

J. W. SMITH, *Local Forecast Official.*
In charge Boston Station.

HURRICANE WARNINGS.

For the purpose of giving warning of the approach of tropical hurricanes (and also those extremely severe and dangerous storms which sometimes pass across the Lake region and North Atlantic coast), the Weather Bureau has adopted a special signal called the hurricane signal, consisting of two red flags with black centres displayed one above the other. (No distinctive night signal will be used.) This signal will be displayed at all Weather Bureau offices and wind signal display stations on the Atlantic and Gulf coasts and the Great Lakes, and also at numerous other points at sea and lake ports and along the coasts mentioned.

WILLIS L. MOORE,
Chief of Weather Bureau.

HENRY S. RUSSELL,

Fire Commissioner.

BROWN S. FLANDERS,

Superintendent.

June 1, 1897.

BOSTON FIRE-ALARM TELEGRAPH.

SPECIAL NOTICE.

The fact that an alarm-box is located near their residence, and where the key is kept, should be known to all persons; also the simple manner of giving an alarm in case of fire. The Fire Commissioner recommends to all persons who may see this notice that they make the necessary inquiries to enable them in case of need either to get the key and give an alarm or to direct others to do so. *Time saved in this way may sometimes prevent a conflagration.*

In case of fire follow these

DIRECTIONS.

Go to the nearest box to the fire.

A sign over each box gives location of keys.

Open the box—pull the hook all the way down *once* and let go.

Wait *one full minute* for the sound of the bells.

Listen for the working of the machinery in box. If you do not hear it, pull again.

If then you hear no sound, go to the next nearest box. Repeat the same there; but do not touch any other box if the nearest one gives the alarm. If it be a keyless door, turn handle to right and open door; *when open*, pull hook as in other boxes.

After giving the alarm remain a while, *if possible*, by the box, so as to direct the firemen to the fire.

SECOND ALARMS.—No person will give alarms for the same fire (after the first alarm has been given), *without an order from the Chief*, or the officer in command, and the person so ordered will be *sure* to go to the *same box* from which the first alarm was given, and report the same to the Chief. *If however*, a fire breaks out while another is burning, in a different section of the city, a *second* alarm can be given by a Police Officer without waiting for an order from a Department Official.

CAUTIONS TO PERSONS HOLDING SIGNAL KEYS.

1. Never open the box or touch the hook except in case of fire.
 2. Never give an alarm for a fire seen at a distance.
 3. Be *reasonably* sure there is a fire before giving an alarm.
 4. Be sure your box is locked before leaving it.
 5. Never let the key go out of your possession, except to some responsible person to give an alarm of fire, and be sure the key is returned.
- If you remove from your house or place of business return the key to the Fire Commissioner's Office without delay.*
